

AUDIO VIDEO SOLUTION EXPANSION

The Complete Source for HDMI[®] Products

Active HDMI, High Speed Cables

The Active HDMI High Speed Cable is the perfect solution for extending HDMI signals in classrooms, conference rooms, waiting rooms, and other commercial environments. This cable features a built-in signal booster that supports HDMI A/V connections at longer distances than non-active cables. This cable does not require an external power adapter and is an ideal solution for making a connection between HDMI-enabled devices such as a Blu-ray™ player, laptop, HDTV, projector and more.

This cable supports up to a 1080p resolution at 60Hz, 3D video and deep colour, making it the perfect fit for applications which require detailed image display. Additionally, EDID and HDCP™ are supported for compatibility with HDMI source devices, displays and content. Combine this active HDMI cable with other C2G products for a clean, professional connectivity solution.

Features:

- No external power required
- Supports up to a 1080p resolution at 60Hz
- CEC, EDID and HDCP compatible
- Featuring Redmere[®] technology
- Three year product warranty

Connector 1: (1) HDMI Male
Connector 2: (1) HDMI Male
